Examiner's Statement of Reasons for Allowance
Allowance

1. Applicant's election without traverse of claims 1-5, 7-9, 29-31, 33-36 reading on species E, Fig 15 in the reply filed on 6/6/05 is acknowledged. Further, during a telephone conversation with Mr. Watkins on 6/30/05 the election was amended from Species E, Fig 15 to Species B, Fig 12. Affirmation of this election must be made by applicant in replying to this Office action. Claims 6, 32 were withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

The requirement is still deemed proper and is therefore made FINAL.

2. The following is an Examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "an expandable cellular structure disposed between a first surface and a second surface, said first surface being hingedly attached to said object; said expandable cellular structure comprising a plurality of cells, each of said plurality of cells having a plurality of cell walls and a plurality of joints; said plurality of cell walls being constructed from a first material; and said plurality of

joints being constructed from a second material different from said first material; wherein said apparatus is constructed to be deployed prior to an impact upon said object" in the independent claim, in combination with the other recited limitations in claims supported by this application, which are not found in the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
